

**Anexo 13.3.2- 6 – Lista das espécies de peixes do rio Xingu e identificadas nas atividades do PRSI, observadas por sítio de atividade da UHE Belo Monte.**

| Espécie                          | Nome Popular     | Sítio      |            |                 |          |     |
|----------------------------------|------------------|------------|------------|-----------------|----------|-----|
|                                  |                  | Bela Vista | Belo Monte | Canais e Diques | Pimental | TVR |
| <i>Acanthicus hystrix</i>        | Acari            |            | x          |                 | x        | x   |
| <i>Acstrocephalus stigmatus</i>  | Peixe-cachorro   |            |            |                 | x        |     |
| <i>Acstrorhynchus falcatus</i>   | Peixe-cachorro   | x          |            | x               | x        |     |
| <i>Acstrorhynchus microlepis</i> | Peixe-cachorro   |            | x          | x               | x        | x   |
| <i>Acnodon normani</i>           | Pacu             |            |            |                 | x        | x   |
| <i>Aequidens michaeli</i>        | Acará            | x          | x          |                 | x        | x   |
| <i>Aequidens sp. "juvenil"</i>   | Acará            |            |            |                 |          | x   |
| <i>Aequidens tetramerus</i>      | Acará            | x          |            | x               | x        | x   |
| <i>Ageneiosus inermis</i>        | Mandubé          | x          | x          | x               | x        |     |
| <i>Ageneiosus ucayalensis</i>    | Palmito          |            | x          |                 | x        |     |
| <i>Agoniates halecinus</i>       | Dentuça          |            | x          |                 | x        | x   |
| <i>Anchovia surinamensis</i>     | Sardinha-gato    |            | x          |                 |          |     |
| <i>Anchoviella</i> sp.           | Sardinha gato    |            | x          |                 | x        | x   |
| <i>Ancistrus ranunculus</i>      | Cascudo          |            | x          |                 | x        | x   |
| <i>Ancistrus</i> sp.             | Cascudo-listrado |            | x          |                 | x        | x   |
| <i>Ancistrus</i> sp. "bola"      | Cascudo          |            | x          |                 | x        | x   |
| <i>Ancistrus</i> sp. "pinta"     | Cascudo          |            | x          | x               | x        | x   |
| <i>Anostomoides passionis</i>    | Piau             |            | x          |                 | x        | x   |
| <i>Anostomus ternetzi</i>        | Piau             |            | x          |                 | x        |     |
| <i>Apionichthys nattereri</i>    | Linguado         |            | x          |                 |          |     |
| <i>Aristogramma</i> sp.          | Piaba            |            |            |                 |          | x   |
| <i>Apteronotus albifrons</i>     | Sarapó           |            | x          | x               | x        | x   |

|  |              |   |   |   |   |   |
|--|--------------|---|---|---|---|---|
| <i>Apteronotus bonapartii</i>                    | Sarapó       |   | x |   | x | x |
| <i>Arapaima gigas</i>                            | Pirarucu     |   | x |   |   |   |
