São Paulo, 10 de dezembro de 2012

DECLARAÇÃO

Declaro, para os devidos fins, que o Museu de Zoologia da Universidade de São Paulo (MZUSP) recebeu os exemplares listados abaixo, procedentes do Programa de Conservação da Fauna Terrestre da UHE Belo Monte, Pará (processo IBAMA 02001.001848/2006-75, Autorização 40/2012). Estes exemplares encontram-se em processo de tombamento em nossas coleções. As coleções de vertebrados do MZUSP tem espaço e condições de infra-estrutura para abrigar espécimes provenientes de trabalhos de campo, incluindo espécimes-tipo. Além disso, temos interesse em que isso ocorra, uma vez que esse tipo de procedimento incrementa a amostragem faunística disponível para estudo. As coleções de aves do MZUSP são as maiores e mais representativas do Brasil, e são fundamentais para qualquer estudo taxonômico. Finalmente, o MZUSP está aberto a qualquer pesquisador que deseje estudar o material aqui depositado.

Aproveito a oportunidade para colocar-me à disposição para prestar quaisquer esclarecimentos adicionais que se façam necessários.

Atenciosamente

Prof. Dr. Luís Fábio Silveira

Museu de Zoologia da Universidade de São Paulo (MZUSP)

Curador das Coleções Ornitológicas

São Paulo, Brasil.
