Table with 26 columns and 1000 rows. The table contains a grid of numerical data, likely representing a financial or statistical dataset. The first row contains column headers labeled A through Z. The first column contains row numbers 1 through 1000. The cells contain various numerical values, including integers, decimals, and some empty cells. The data appears to be organized into sections, with some rows containing bold text or specific markers. The overall layout is a dense grid of numbers.
